Integrated Smart Alarm

This camera features a smart spotlight and powerful alarms to deter unwelcome visitors and provide an extra layer of security.

Motion Detected

Camera has detection of humans.

H.265 Coding Technology

Faster Loading, Smoother Playing Save 40% less video storage space and traffic data.

Okay!

Please leave it at the door.

Two-way Audio

The camera has a built-in speaker and microphone system that allows for clear two-way audio communication and real-time conversation with anyone in the camera's field of view.

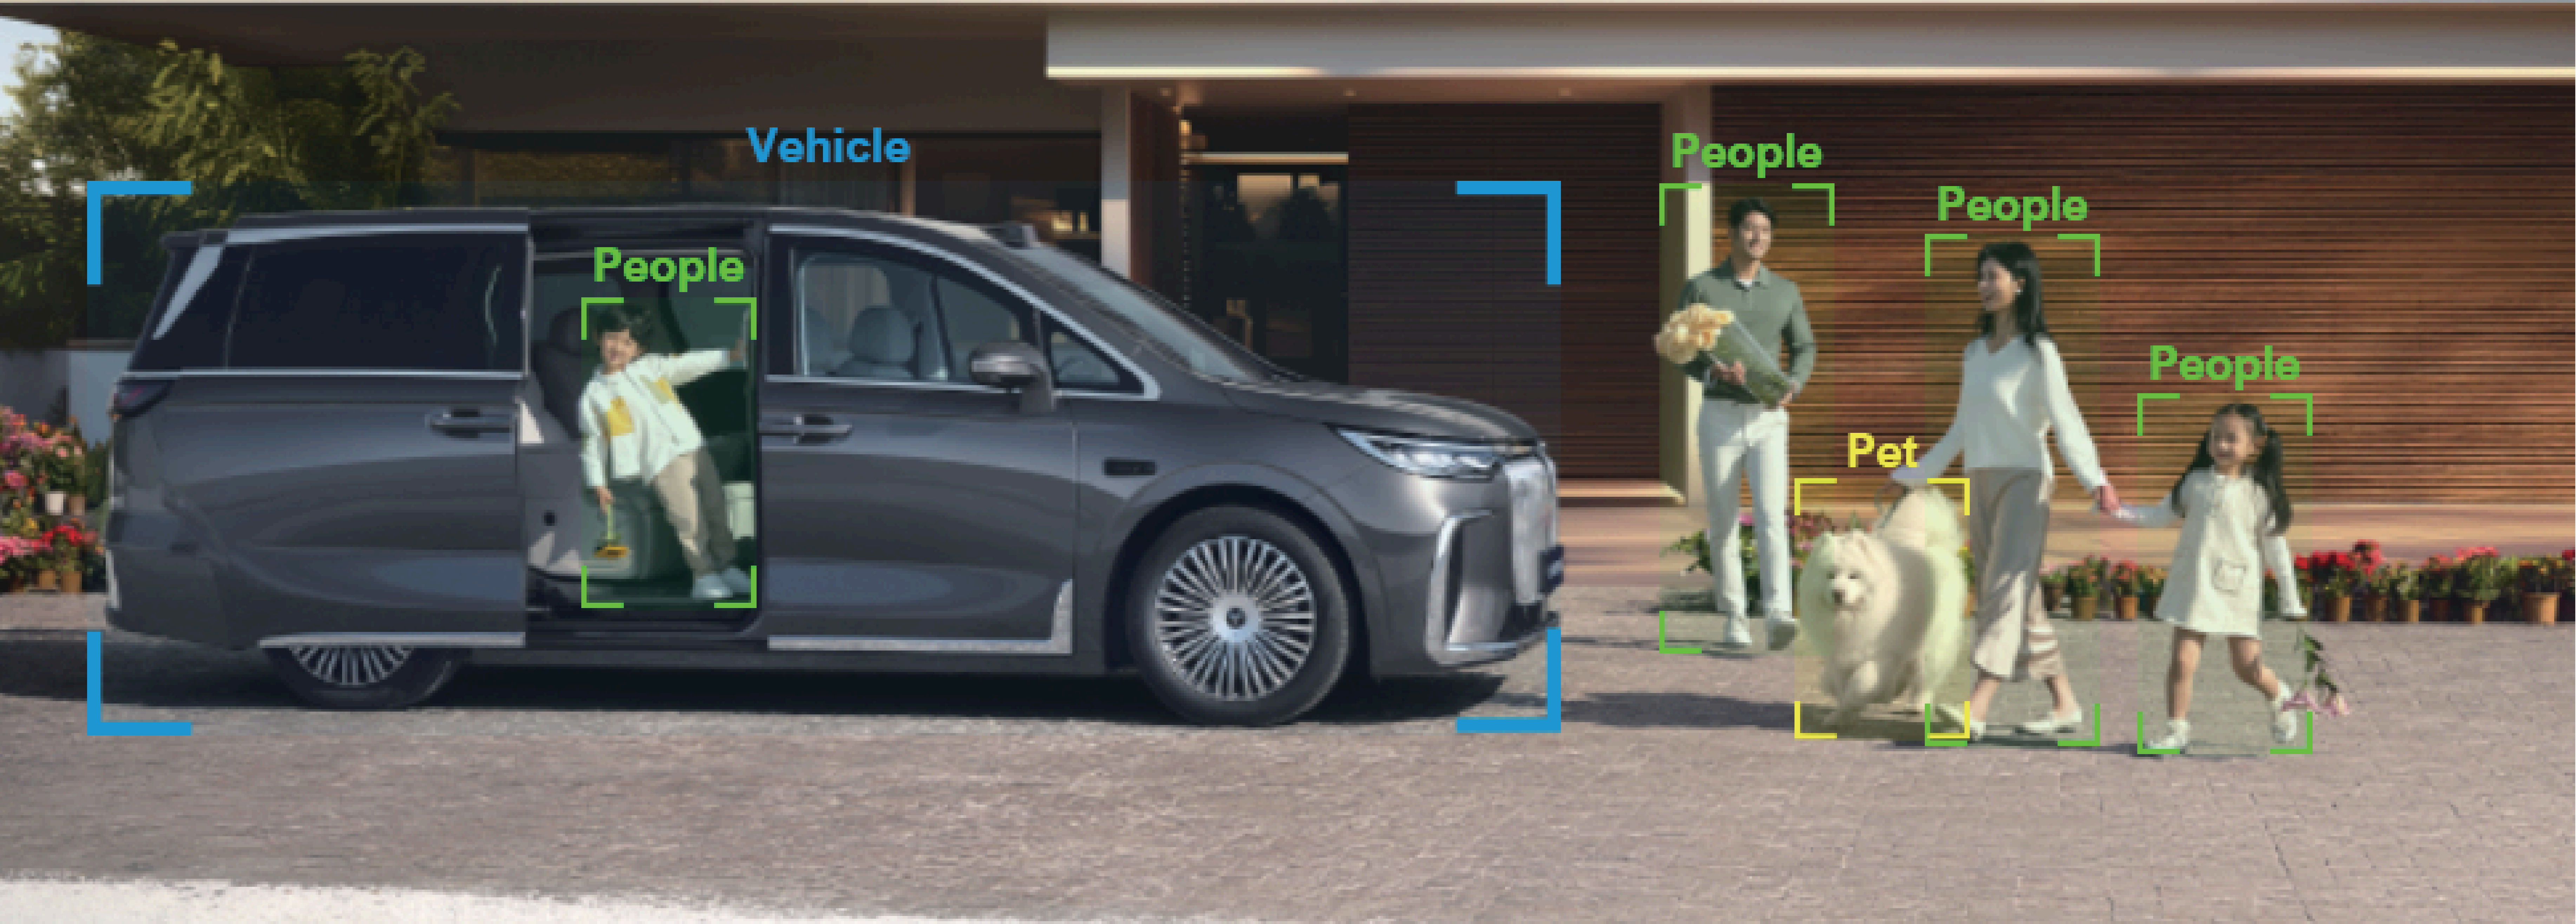

Connected Family Security

Keep your home and family safe by easily sharing access with those who matter most. Never miss a thing and stay protected together.

PIR and AI detection

PIR and AI person detection, minimizing false alarms and keeping you informed of relevant events.

Built-in VSIM, APN Free Configuration

The VSIM card enables APN-free configuration, allowing the device to connect to the network automatically upon power-up without manual settings. This feature significantly reduces the risk of configuration errors and lowers after-sales service costs.
