Ports

Rain or Snow, Keep Safe

This waterproof sturdy camera is designed to withstand freezing cold winters, heavy downpours.

PIR and AI detection

PIR and AI person detection, minimizing false alarms and keeping you informed of relevant events.

Automatic Motion Tracking

Automatically track and move around in response to movements in the area.

Baby, slow down!

Connected Family Security

Keep your home and family safe by easily sharing access with those who matter most. Never miss a thing and stay protected together.

Built-in VSIM, APN Free Configuration

The VSIM card enables APN-free configuration, allowing the device to connect to the network automatically upon power-up without manual settings. This feature significantly reduces the risk of configuration errors and lowers after-sales service costs.
